

## 2006 Work plan of the Research and Innovation Management Training WOG

### Targeted Areas

RECOOP HST Consortium will continue to organize **Summer School**. The next Research and Innovation Management (RIM) Summer School will focus on one primary theme (Intellectual Property Management) and training period will be reduced to one week and planned in the Czech Republic (Hradec Kralove or Brno) on the last week of August 2007. The courses will be designed to build skills and confidence, support networking and partnerships, ensure that research is conducted in an institutional environment using "best practices", promotes the dissemination of knowledge within the institution, and encourages investments in institutional infrastructure

**WIPO** will delegate invited speakers to the Research and Innovation Management **Summer School**, and WIPO will announce and promote the Summer School via the University Initiative website and meetings.

CSMC with the RECOOP HST Consortium partners will evaluate the potential use of **WIPO distance learning**. WIPO will investigate to give a discount flat tuition fee for the members of the RECOOP HST Consortium.

**WIPO and RECOOP HST Consortium will jointly organize workshops** under the "Bridges in Life Sciences" meeting program in Bucharest April 2007 (first week).

RECOOP HST Consortium will investigate to organize workshops with the **European Commission**, Directorate General for Research and with **NIH** under the "Bridges in Life Sciences" meeting program

The qualified research institutes and medical centers will have the opportunity to **train young scientist** and clinical researchers in selected areas like, genomics, proteomics, stem cell research, virology, minimal invasive surgery and interventional cardiology via **Marie Curie Actions (fellowship)**:

Initial training of researches (Marie Curie Networks open to third country research like USA)  
Life-long training and career development with individual fellowships

The partners of the RECOOP HST Consortium will investigate the use of IP Dictionary [www.IPDictionary.org](http://www.IPDictionary.org)
