## Activity Information

### Course Description

This one-day course will explore the challenging management problems facing the practicing urologist. Our distinguished faculty will present current information and techniques in endourology and laparoscopic urology and the medical management of common urologic conditions. The conference will emphasize interaction between participants and faculty. The format allows ample time for case presentations and group discussions, ensuring an outstanding educational experience.

### Educational Objectives

At the conclusion of this activity, participants should be able to:

- ✓ Interpret representative urologic radiographic images for recognizing the indication for commonly-used radiologic tests
- ✓ Assess the role of minimally-invasive surgical options in the management of your patients with various urologic conditions
- ✓ Integrate the evaluation and management algorithms for various urologic conditions into your daily urologic practice
- ✓ Summarize take-home points regarding prostate cancer management that may be useful in your practice

### Accreditation Statement

Cedars-Sinai Medical Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

### Credit Designation Statement

Cedars-Sinai Medical Center designates this educational activity for a maximum of 6.0 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

### Policy on Disclosure

It is the policy of Cedars-Sinai Medical Center to ensure balance, independence, objectivity, and scientific rigor in all of its educational activities. While Cedars-Sinai Medical Center endeavors to review faculty content, it remains the obligation of each physician or other healthcare practitioner to determine the applicability or relevance of the information provided from this course in his or her own practice.
